

11th Annual Meeting of the Permafrost Carbon Network

Virtual - November 16 & 17, 2021

8am-11am AKST/9am-12pm PST/12pm – 3pm EST/6pm-9pm CET

Day 1 – November 16

Introduction

25 min

Panel 1

35 min

Break

20 min

Panel 2

35 min

Breakout 1 & 2

45 min

Polls

20 min

Introduction, ice breaker, and overview of network activities

Ted Schuur & Christina Schädel

IPCC – AR6, state of synthesis

Moderator and panelist TBD

All participants

Panel 2: COP26, media, and policy options

Moderator and panelist TBD

All participants: choose between the topics of panel 1 or 2 for your breakout

All participants

Day 2 – November 17

Introduction

15 min

Lightning talks

15 min

Breakout 3

45 min

Polls – 10 min

Break – 20 min

Lightning talks

15 min

Breakout 4

45 min

Polls & Wrap up

15 min

Welcome and Recap of Day 1

Ongoing syntheses

3) Remote permafrost change detection, 4) Model intercomparisons, 5) Paleo carbon evidence

All participants: choose one topic among topics 3-5

All participants

All participants

New integrative projects

6) Carbon flux timeseries and upscaling, 7) Ground ice across spatial scales, 8) Nutrient interactions with carbon and climate

All participants: choose one topic among topics 6-8

All participants
